1. [REDACTED] the new barracks installation north of Drachhausen at Lieberose troop training grounds. Soviet troops had occupied most of the buildings of the installation that day. The club, bathing installation, the workshop and several wooden sheds were still under construction. Each of the completed wooden sheds was occupied by about 10 JS-3 tanks. More tanks were parked in front of the sheds which were still under construction. A total of 60 JS-3 tanks, about 10 light armored scout cars and several armored personnel carriers were counted.

2. [REDACTED] about 100 uniformed women in civilian clothes had arrived in Plauen. Soviet families have been observed in Plauen since recently. Several state-owned houses on Werder Strasse and Kasernen Strasse were confiscated.

1. [REDACTED] Comment.

25X1

The 60 tanks tend to indicate that the whole regiment moved into the installation. Therefore, the tank unit of the 9th Meck Div, which transferred from Forst Tauer to Zossen in October cannot belong to this regiment, as had previously been vaguely assumed.

2. [REDACTED] Comment. The arrival of officers' families had previously been reported. Since it appears that uniformed women have also newly arrived it seems that information on the discharge of all uniformed women was incorrect.
